****

ORDER:-

In the G.O. 1st read above, a Mining Lease for Limestone over an extent of 5.160 Hectares in Sy.No.22/B of Konuppalapadu (V), Yadiki (M), Ananthapuramu District was granted in favour of M/s.Sri Satya Sai Mineral Company, Prop:Sri C. Lakshminarayana Reddy for a period of 20 years which was in force up to 16.04.1984. In the G.O. 2nd read above, 1st Renewal of the M.L. was granted for a further period of 20 years w.e.f.17.04.1984 which is in force up to 16.04.2004.

2. Subsequently, 2nd Renewal of the Mining Lease over the subject area in favour of M/s. Sri Satya Sai Mineral Company was granted vide G.O. 3rd above, for a further period of 20 years w.e.f. 17.04.2004 and the lease is in force upto 16.04.2024.

3. In the G.O. 4th read above, orders were issued declaring the subject Mining Lease as lapsed under Rule 28 (1) of M.C. Rules, 1960 on the ground that the lessee has failed to fulfil the lease conditions and subsequently, the orders were set aside vide G.O. 5th read above, after disposing off the revision application filed by the lessee and M.L. was continued till the completion of the renewal period up to 16.04.2024.

4. In his proposal 6th read above, the Director of Mines and Geology, A.P., Vijayawada has stated that the Modified Mining plan in respect of the above M.L. area submitted by the lessee was rejected by the IBM vide Lr.dt.30.10.2019 on finding certain discrepancies. Accordingly, when the lessee has submitted the revised sketch, vide Lr.dt.12.03.2020, the IBM has requested to re-survey the area in order to approve the Modified Mining Plan as the area shown in the sketch and the actual area is less than the area shown on the field during the

(P.T.O)

inspection conducted by IBM. Accordingly, the area was re-surveyed on 27.08.2020 & 21.12.2020 and it was got verified that the lease area as per lease boundary points from 1 to 7 as per the lease deed sketch arrived to an extent of 4.189 Ha instead of the original mining lease area of 5.160 Ha. The variation occurred in the extent may be due to precise calculations or may not be done accurately at the time of recommendations of the leased area. Now, the survey is conducted with DGPS instrument and arrived to an extent of 4.189 Ha. Agreeing to the above, the lessee on 11.01.2021 has submitted a notarized undertaking and consent affidavit for 4.189 Ha instead of granted area i.e. 5.160 Ha stating that he erected DGPS boundary pillars around the demarcated area as per the Geo-coordinates furnished by the surveyor and he will not raise any objection on the issue in future. Hence, the Mining Lease details are (i) Total mining leased area: 5.160 Hectares; (ii) Deleted area:0.971 Hectares; and (iii) Retaining area:4.189 Hectares.

5. He has further reported that, on verification & finalization of the MRA dues for the year 2019-20 tentatively, the lessee is having a total due of Rs.1,09,038/- and has paid the Mineral Revenue Arrears for the total amount of Rs.1,20,830/- along with Dead Rent for the year 2020-21 on 06.11.2020. The ADM&G, Tadipatri has therefore recommended for deletion of 0.971 Hectares from the existing leased area of 5.160 Ha of the subject Mining Lease duly retaining the remaining area of 4.189 Hectares. Accordingly, the DM&G has requested Government to issue necessary orders in the matter.

6. Government, after careful examination of the matter in terms of the Rule-17 of Minerals (Other than Atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016, hereby permit for part deletion of 0.971 Hectares from the existing Mining Lease area of 5.160 Hectares in Sy.No.22/B of Konuppalapadu (V), Yadiki (M), Ananthapuramu District held by M/s. Sri Satya Sai Minerals for Limestone, duly retaining the remaining area of 4.189 Hectares.

7. The Director of Mines and Geology, A.P., Vijayawada shall take necessary action accordingly in the matter.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
